

MY HAPPY PET

5 Things Animals Need

- 1. Food & Water:** Animals need healthy food and clean water every day.
- 2. Home & Environment:** Animals need a safe, comfy place to live.
- 3. Health & Care:** Animals need to be healthy, free from pain, and looked after.
- 4. Natural Behaviours:** Animals should be able to do the things they love, like running, digging, climbing, or playing.
- 5. Feelings & Emotions:** Animals can feel happy, scared, calm, and worried—just like us!

Now that you know what animals need, draw a home for your pet. It can be a pet you already have or a pretend pet from your imagination!
